

Updated March 25, 2020

The Seaside Civic and Convention Center is closely monitoring information shared by the Centers for Disease Control and Prevention (CDC) and Clatsop County Health Department about COVID-19. The most recent information provided by the CDC suggests the immediate health risk from COVID-19 is considered low. However, the SCCC team has increased precautionary measures to help keep our guests and staff healthy.

Precautionary measures include enhancing onsite communications and signage in restrooms regarding preventative actions such as washing hands, placing hand sanitizer stations near public spaces, and increasing the frequency of cleaning and disinfecting commonly touched objects. The team is also providing ongoing training for staff around the best practices to provide a safe and healthy environment.

The Seaside Civic and Convention Center will communicate with event organizers, partners and other key contacts to relay updates.

FREQUENTLY ASKED QUESTIONS

Have there been any cases of COVID-19 at the Seaside Civic and Convention Center?

No, the Seaside Civic and Convention Center has not had any known cases as of March 25, 2020.

Have there been any cases of COVID-19 in Clatsop County?

As of March 25, 2020, there were 2 confirmed or presumptive cases of the novel coronavirus, COVID-19, in Clatsop County.

Where can I learn more about coronavirus?

The Public Health Department for Clatsop County has been, and will continue to be, our best conduit of information for our immediate area and we encourage citizens to utilize this resource, along with information from the Oregon Health Authority (OHA). The status of COVID19 is their number one priority and regular updates are posted on their website, available via this link:

<https://www.co.clatsop.or.us/publichealth/page/coronavirus-what-you-need-know>

The CDC Website is also an invaluable tool for staying up-to-date about what is going on with COVID19 on a national and worldwide basis, available via this link:

We encourage everyone to continue to practice healthy living by following the guidelines laid out by OHA:

- Wash your hands often with soap and warm water for a minimum of twenty seconds.
- Avoid touching your eyes, nose and mouth.
- Avoid contact with sick people and stay home if you're sick.
- Cover your mouth and nose with a tissue or sleeve when coughing or sneezing.
